INTERWRITETM CRICKET

ASSESSMENT MADE SIMPLE—
*engage and immerse your students
in a way you never thought possible.*

INTERWRITE™ CRICKET

Interwrite™ Cricket—the newest member of the Interwrite assessment family—is a powerful yet simple to use clicker for students of all ages. From kindergarten to higher education, Cricket “Clickers” combine robust Radio Frequency (RF) technology with a simple design to make real-time student assessment practical for any classroom setting. Students can respond to your questions, while the Response software captures their responses—then immediately displays the information! You can control how and when to use this information.

Cricket keeps it simple and fun. From setting it up to uploading your grades, every aspect of Cricket has been designed to simplify assessment for both the teacher as well as the students. You can focus more of your time on teaching and less of your time on paperwork and grading.

Highlights:

- Combines an easy to use clicker with robust Radio Frequency (RF) technology.
- One-time cost for Clickers—with no recurring fees!

Response Software Gives You:

- Ability to create multiple subjects and sections per class; allowing for segmentation of the classes and subjects.
- Variety of question formats: multiple choice, true/false, and survey.
- Saves time in grading—instantly mark results!
- Automatic attendance monitor—instantly know who's attending class.
